Reference: Project Grants

Dear Dr. Eisenberg:

This office acts as a central source of information for faculty, staff, and students who seek external funding to support their research and training efforts. As such, we attempt to gather and distribute as much information as possible on a variety of funding programs.

Each year we receive inquiries from those interested in the Project Grants offered by your organization. I am writing at this time to request current information to retain in our files and to pass along to eligible candidates. I would appreciate a description of your program interests, application guidelines, and, if available, application forms and a listing of the awards made during the past fiscal year.

Thank you for your assistance.

Sincerely,

Linda McTaggart
Resource Coordinator
